

TYSON

Specs: Bluff's Son, hopeful, a Gen-Z voice in a corrupt world of sins, high-stakes and second hand smoke.

(HEARTFELT) Dad. This is how you want to leave the world? The way you found it. Ultimately what? Maybe a little richer. We OWN this land, think of what we could do with it.

I don't know, give some of it back to the other animals?

Ugh. Family business. But I don't want any part of that.

I want fresh air, freedom to be myself... Freedom to lose. I don't want your... this life

(OFF THE CUFF) Do you ever feel bad? Your entire business is based on exploiting a vice, and in some cases furthering an addiction.

(GENUINELY IMPRESED) Salt room? Sound bathing waterfall, GMO Free Salad Bar? Dad...You've actually built something beautiful. Even if it was a self-motivated accident, this could be your second chance...

(FLAT) Until you are honest with yourself...you'll always be a fraud.
