

Gourdon

The Jack-O-Lantern has a sweet tooth, even if it is carved out of pumpkin. Gourdon should feel folky-with a loud midwest friendliness or slight southern twang. Think David Lynch's character from *TWIN PEAKS*.

(SMILING) Morning, Miss Holly and golllly I'm just in time for...DESSERT!

(SMITTEN) More pumpkin spice coffee if you puhlease! I tell ya Miss Maple, I never get tired of your shade. That is um...the shade your beautiful branches and foliage provide. Oh shucks. Better shut my pumpkin pie hole!

(EXCITED) MM-mmm! What a TREAT... No trickin'! Ya' know. Most folks gotta wear costumes and knock-on-doors to get something THIS SWEET!

(POLITE) Welp, gotta head back to the patch. Take Scare y'all!

(HUMMING to self/SINGING) *"Trick or Treat, Take your Pick, Give me some Ice Cream to Lick! Hee-Hee-Haw!"*
