*A powerful shapeshifter and mercenary who hails from an untamed land known as "Russia." She can take on the animal form of a giant bear and has a bear-like brusqueness in her human form, too. Her tracking abilities make her invaluable to the merc team, as does her hardheaded efficiency.*

### Scene 1

*The mercenaries are tracking Saki through the woods. Saki is a little girl who has powers that they have been hired to capture.*

Achojah: Well, crazy is good for business. Nobody pays better than the Japanese.  
**Nikita:** **I'd rather go back to Russia. No crazy magic there. Just vodka.**  
 Achojah: All you talk about is this vodka thing. What is that?  
**Nikita:** **It's strong drink from Russia. Puts hair on your chest.**  
 Achojah: (sarcastic) I can see that. Bears and vodka. Got it. Russia sounds like a pleasant place.  
**Nikita:** *[grabbing dirt from the ground and smelling it]* **The girl was here. Left not to long ago. (beat) There's something else...he was here...the boatsman**

## Scene 2

*Nikita reports back to Abraham*

Abraham: Did you find the child?

**Nikita: We did...The woman who took her--**

Abraham: *[disdained]* Ichika. What of her?

**Nikita: She's a fighter. So was the protector they traveled with. More trouble than expected--You didn't say the girl was powered. *[professional]* That will cost extra.**
